Southbound Trumbull Street will be closed on Monday, December 27, 2004 from Church Street to Asylum Street from 6:00 AM to 5:00 PM. This closure is due to assembly of a 400 foot assist crane. This crane will be used to build the tower crane necessary for the construction of Hartford 21.

Asylum Street will be reduced to one-lane from Trumbull Street to Haynes Street beginning on Tuesday, December 28, 2004 for a duration of at least ten days. No parking or stopping will be allowed in this section of Asylum Street (in front of City Place One). This closure is due to the assembly of the tower crane by the assist crane.
